Dear Alex:

I am enclosing four copies of our current draft of the Philip Morris response to the Federal Trade Commission's Request for Comments on Possible Testing Modifications.

You will note that there are a few gaps in the draft which will have to be filled in with information being supplied from Richmond. In addition, we intend to subject the draft to further review and editing. Basically, however, the draft reflects what we believe to be an appropriate statement of the company's position in this matter.

After you and Carl have reviewed the draft, please call me so that we can arrange to discuss the draft with you and take full account of the comments of all interested parties.

Sincerely,

Jerome I. Chapman

Encls.
